None

Important Notes:

1. An installer becomes eligible to claim Small-scale Technology Certificates (STCs) from the effective date of their accreditation type and class, and only while that accreditation remains active.
2. This certificate reflects accreditation status as of the date of printing. Ongoing accreditation is subject to meeting the accreditation scheme requirements; and may change or become inactive if renewal, compliance, or continuing professional development (CPD) requirements are not met.
3. Date printed 19/06/2026
